

Luis David Martínez Martínez
Software Developer

CDMX • l.david.martinez@hotmail.com • +52 9711275226 • david-personal.netlify.app

Software Developer with 1 year of experience building web applications using Angular, TypeScript, HTML, and CSS. Skilled in developing reusable UI components, building responsive layouts, and integrating RESTful APIs. Strong interest in Full Stack development, cloud infrastructure, and cybersecurity.

Education

INSTITUTO POLITÉCNICO NACIONAL

Escuela Superior De Cómputo

B.S. in Computer Systems Engineering. GPA: 9.04 / 10

Relevant Coursework: Elective in Cryptography

Mexico City, Mexico

2022 - 2026

CBTis No. 91

Technical Degree in Computer Programming. GPA: 9.00 / 10

2018 - 2021

Experience

Corporativo Emeth

Junior Frontend Developer

Mexico City, Mexico

2025 - 2026

- Contributed to the frontend development of the IPN web re-enrollment system using Angular.
- Implemented UI components based on the Smart and Dumb (Presentational) component architecture pattern.
- Integrated REST APIs and handled frontend error mapping.
- Resolved technical issues, bug fixes, and maintained UI design consistency across the system.
- Designed UI interfaces and interactive wireframes/prototypes in Figma.

Projects

Zentry

Event Management Platform

- Full-Stack web application built with Spring Boot and Angular for event attendance control using QR codes and email invitations.
- Managed core workflows including events, users, staff permissions, and check-ins.
- Deployed using a distributed architecture leveraging YugabyteDB, Render, and Netlify.

Mexico Weather Monitoring

Web Application

- Node.js web app utilizing CONAGUA's API to display a 3-day weather forecast for Mexican cities and municipalities via an interactive map.

Tournament Scoreboard & Projection Service

Web Service

- Angular frontend system featuring a dual-screen display setup, separating the administrative controller panel from the live audience presentation view.

Skills & Interests

Programming Languages: TypeScript, JavaScript, HTML5, CSS3, Java, SQL

Frameworks & Libraries: Angular (v19+), Spring Boot

Tools & Platforms: Git, Postman, Swagger UI, Azure

Languages: Spanish (Native), English (B2)

Soft Skills: Problem-solving, Adaptability, Team Collaboration
